TOWN MEETING.

The Citizens of the City and County of Philadelphia will assemble in TOWN MEETING, on

THURSDAY
Afternoon,

JUNE 18, at 4 o'clock, in *INDEPENDENCE SQUARE*, to express their disapprobation at the erection of

Morse's Magnetic Telegraph.

The Telegraph is now in operation from Washington to Boston—through a large portion of New York and Pennsylvania—and runs through an extent of country of many hundred miles:—hence, a storm raising in any portion of the country through which the Telegraph passes, is conveyed from one end of the line to the other,—producing sickness and disease by a continual succession of unwholesome weather, and totally destroying the crops of the country by rot.

Farmers, Mechanics, Merchants, Citizens, all—your interests demand your attendance.

☞ Prof. Espy, Thos. Hague the Astrologer, and others, are expected to address the Meeting.
